

Next of Kin

Greetings.

I write to solicit your consent to cooperate with me over this great opportunity that has manifested at my place of work. There is this customer of ours that was from same country as you. He invested a huge fund with us \$18,000,000.00 but lost his life in an accident thereafter. Fortunately, he did not name any particular next of kin in his paper work with us.

It has been several years since the investment matured, but no one has come forward to claim it and it is currently at the verge of been forfeited forever. For good reasons, I have decided to present you as his next of kin to enable you and I to benefit from it in equal proportions. I assure you that the entire project is 100% risk free and shall be processed as legitimate inheritance.

As soon as I receive your reply of interest, I shall disclose to you all necessary information you would require to legally and successfully inherit the said funds.

With friendly greetings

Mr. Mpho Dlomo,

Johannesburg, South Africa.
